RE: Def. ID# 0012018407

Dear Mr. Richards:

The Court is in receipt of your motion for post-conviction relief filed on December 13, 2002. I have reviewed it and this is the Court's decision denying your request for relief.

You entered a guilty plea to burglary in the second degree on April 19, 2002. The Court found the negotiated sentence between you and the State to be reasonable and sentenced you to four years at supervision Level V with credit for 31 days previously served, suspended upon successful completion of the Key Program, for 12 months at supervision level IV Residential Substance Abuse Treatment Program. Upon successful completion of the level IV Residential Substance Abuse Treatment Program, the balance of the level IV sentence is suspended for one year six months at supervision level 3. You will be held at Level V until space is available at the level IV Residential Substance Abuse Treatment Program.

Your grounds for relief are all related to complaints that you have regarding the Key Program. These grounds are not a basis for attacking a conviction and they are frivolous under Criminal Rule 61. Therefore, your motion for post-conviction relief is denied.

IT IS SO ORDERED.

Very truly yours,

E. Scott Bradley
